Register today!

Fun patch!

New add-on patch for past engineers!

Start a collection by adding a small gear around your patch with each build!

Engineer Factory Mousetrap Car

1pm-5pm on February 2, 2019

Woodland Hills Academy

20800 Burbank Blvd, Woodland Hills, CA 91367

Build, test, experiment, and solve problems like an engineer. Construct a functioning car powered by a mouse trap. Learn about potential energy, kinetic energy, and friction!

Patch and snack included.

Juniors & Cadettes
\$30/per
registered girl
